**WATERPROOF - NON-TOXIC - PRIMER - SEALER**

**FAS Gesso Primer** is a fast drying waterproof primer/sealer that is applied prior to painting. Seals absorbent surfaces, prevents uneven appearance and excessive fast drying, resulting from paint penetration. In an undiluted form Gesso may be textured, but dilute with a little water if only sealing is required.

Recommended for surface preparation and sealing canvas, linen and board. Offers texture or 'tooth' to the painting surface. Gesso Primer is recommended for surface preparation and sealing.

**Use For:** Use as an undercoat to intensify colours and the lasting durability of your work. Can be tinted to suit your background colour. e.g. pink for sunset or light blue for cool scene.

**SIZES:**  
375ml, 1 Litre and 4 Litre.

**Application:** Stir the bottle before use. Can be applied directly from the bottle/jar.

**Cleaning:** Wash up equipment with soap and water. As a precaution suitable protective clothing should be worn. Gesso is permanent when dry.
